

Cranel's Professional Services Team functions as an extension to your technology implementation personnel, providing the expertise needed to ensure successful project deployment. Your customers realize the full value of their technology investment quickly and efficiently. Working hand-in-hand with you as our partner, our team of manufacturer-certified consultants will assist in assessing customer requirements, configuring a winning solution, installing the technology, and working with your organization to support the implementation for the life of its utilization.

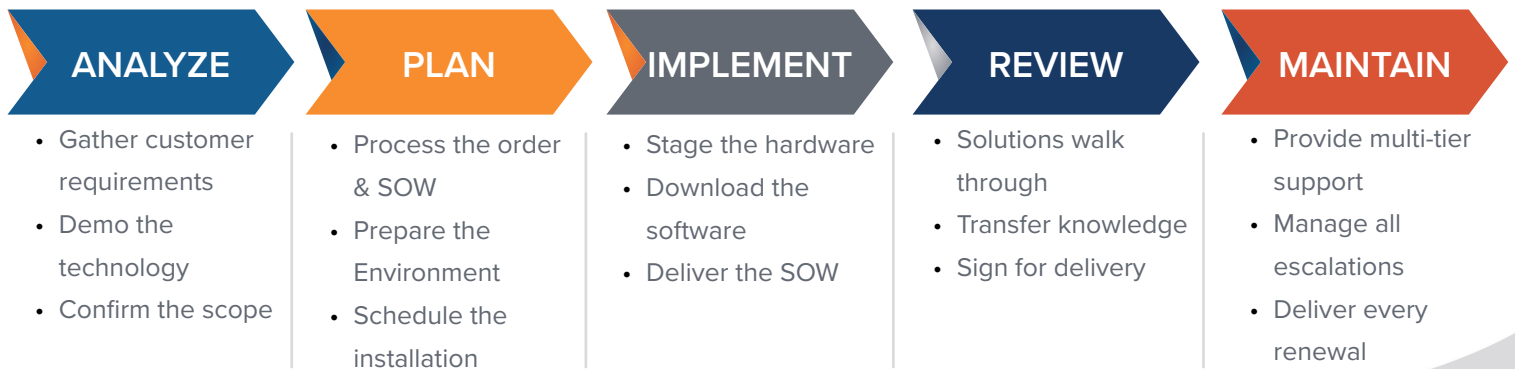

Our Professional Services Consultants Are Well-Equipped to Create
And Deliver a Solution to Meet Your Needs!

OUR PROFESSIONAL SERVICES
OFFERINGS INCLUDE:

- Design and configuration
- Quote and SOW development
