Kodak alaris

Simplify Business Processes with Kodak Alaris

Superior Information Capture to Speed Up Business Processes

Wipe out delays and wait times with accurate, smooth scanning backed by renowned service. Kodak Alaris image-optimizing **Perfect Page** scanning technology accurately unlocks information in even damaged documents, while **SurePath** paper handling reduces manual steps and misfeeds.

Integrated Software for Workflow Automation

Automate your business processes with smart information capture technology that works right out of the box and plays well with your business processes.

- **Capture Pro**— Capture and index your critical data and distribute smarter information to ECM systems and business applications to streamline your workflows and processes.
- **Smart Touch**— Eliminate complicated multi-step scanning processes with one-touch simplicity
- **Info Input**— Use web-based and mobile solutions designed to help your business simplify document capture from MFPs, emails, or scanners and speed the flow of information to your business processes

Custom Solutions for Business Transformations

Wherever you are on the road to digital transformation, Kodak Alaris and its diverse ecosystem of partners can integrate information capture software with your applications to support your strategic goals.

For more information, please contact your Cranel sales rep at 800-288-3475.

SOFTWARE

Kofax Printix Press Release

Cranel Inc. today announces an expanded partnership with Kofax®, a leading supplier of intelligent automation software for digital workflow transformation. This new agreement enables Cranel's network of value-added resellers (VARs) and office equipment dealers (OEDs) to sell Kofax's Printix software. Printix provides cloud-based SaaS print management that eliminates the need to install traditional on-premise software and the related print servers. [Read more](#)
