NEW FADGI Compliance Installation Package

The Canon FADGI Compliance Installation Package helps government agencies meet Federal Agencies Digital Guidelines Initiative recommendations that should be followed when it comes to scanning, processing, and creating digital replicas of permanent hard-copy documents and records.

What's included?

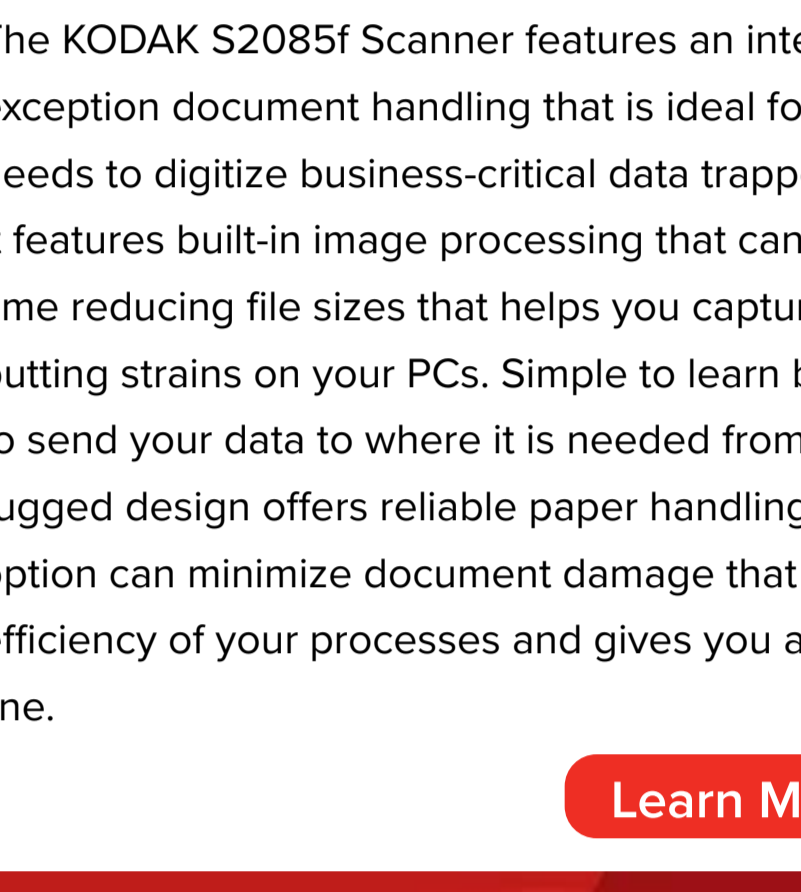

On-site installation by a Canon service technician of custom firmware, configuration of Canon OnTouch software, and testing to confirm that the Canon scanner combined with the Canon software is now ready to start generating FADGI compliant images.

Which scanners are applicable?

Canon imageFORMULA DR-G2110 and DR-G2140 Production Document Scanners (USB-only models not included)
