## HARDWARE

### Production Scanners from Canon

#### Canon Production Scanners

Canon production scanners combine advanced technology, reliable performance, and comprehensive features to meet the demanding needs of businesses.

- **Image Quality**
  - » Employ advanced image processing technologies and high-resolution sensors to capture details accurately and deliver clear and crisp scans.
- **Speed and Efficiency**
  - » Designed to handle high volume scanning tasks efficiently and offer fast scanning speeds and advanced feeding mechanisms to ensure smooth and uninterrupted scanning workflows.
- **Reliability and Durability**
  - » Built to withstand heavy daily use and engineered with robust components to ensure long-lasting performance – these are the scanners for demanding production environments.
- **Advanced Features and Software**
  - » Includes features such as: automatic document size detection, double-feed detection, image enhancement tools, and customizable scanning profiles.

### Xerox Thin Scanning Solutions

The future of document scanning

Benefits of Thin Scanning Solutions:

- No software installation; true thin client
- Network connectivity; no USB or PC required
- Secure browser-based scanning
- Centralized scanner management
- Advanced security with digital signature
- Pull-scanning capability
- Single Sign-On with Active Directory/LDAP
- Scanner user and workflow management
- Output connectors (email, SFTP & folder)
- APIs and SDKs available for integration
- Fast deployment; device registration in minutes

#### Thin Scanning Solutions Options

**Xerox® D70n Thin Scanning Solution**  
Departmental/workgroup scanner, ideal for distributed capture use cases

- Speeds up to 90 ppm / 180 ipm
- 100-sheet ADF
- 15,000 page daily duty cycle
- Visioneer VAST Network® technology with TWAIN Direct®
- Thin Scanner browser-based administration & Cloud Capture
- Thin Scanner web hosting & remote management (3-year or 5-year options)
- 3 standard connectors (SFTP, email, file folder)
- Automated activity reporting
- Optional multifactor biometric authentication

**Xerox® N60w Thin Scanning Solution**  
Touchscreen scanner, perfect for web and push scanning for hybrid workflows

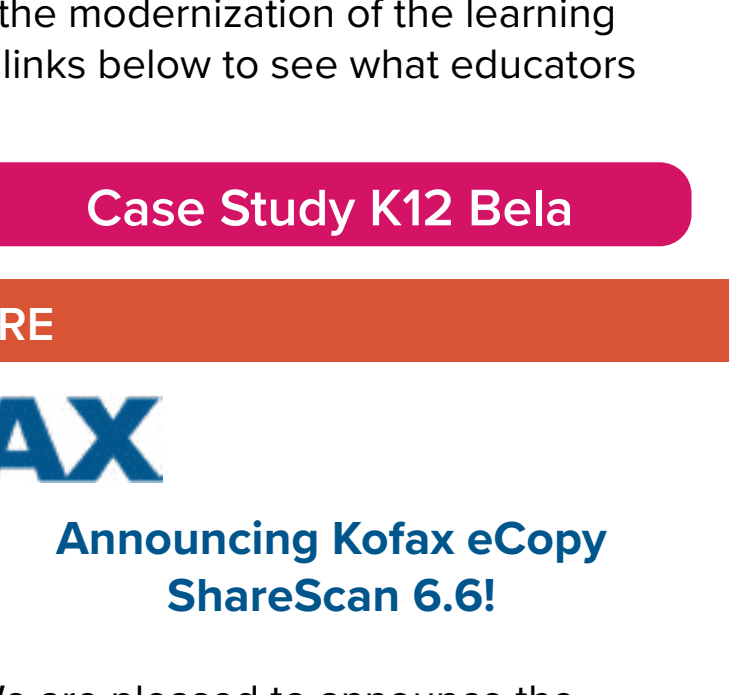

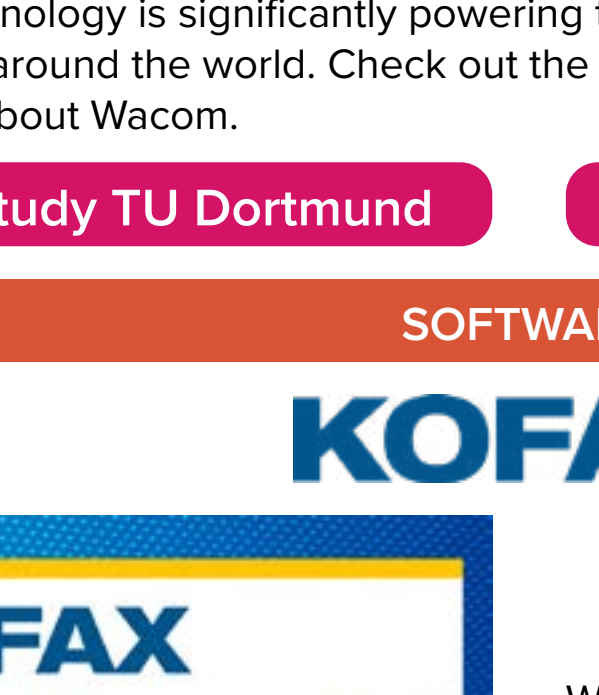

- Speeds up to 65 ppm / 130 ipm
- 100-sheet ADF
- 10,000-page daily duty cycle
- Visioneer VAST Network® technology with TWAIN Direct®
- Thin Scanner browser-based administration & cloud capture
- Thin Scanner web hosting & remote management (3-year or 5-year options)
- 3 standard connectors (SFTP, email, file folder)
- Automated activity reporting
- Optional multifactor biometric authentication

**Xerox® W130 Thin Scanning Solution**  
Productions scanner, recommended for large volume digitizing and quick digitizing needs

- Speeds up to 135 ppm / 270 ipm
- 500-sheet ADF
- 100,000-page daily duty cycle
- Visioneer VAST Network® technology with TWAIN Direct®
- Thin Scanner browser-based administration & cloud capture
- Thin Scanner web hosting & remote management (3-year or 5-year options)
- 3 standard connectors (SFTP, email, file folder)
- Automated activity reporting
- Optional multifactor biometric authentication

## wacom®

### Bring lectures to life

#### Bring lectures to life: Modernize learning with Wacom

Wacom interactive devices make the lives of lecturers easier and improve the learning experience for students. They increase classroom engagement both in person and online, provide flexibility by adapting to your preferred devices and software, and are cost-effective and built to last.

Wacom technology is significantly powering the modernization of the learning experience around the world. Check out the links below to see what educators are saying about Wacom.
