**Canon imageFORMULA DR-G2140**

The Canon imageFORMULA DR-G2140 is a high-speed production scanner designed for environments requiring high-volume document processing, such as centralized scanning departments and document management systems. Three key points:

- **High-Speed, High-Volume Scanning:** The Canon DR-G2140 scans up to 140 pages per minute and handles up to 70,000 scans per day, making it ideal for production environments like service bureaus, records management, and back-office operations.
- **Advanced Document Handling:** Equipped with a 500-sheet ADF, ultrasonic double-feed detection, and support for a wide range of document sizes and thicknesses, it ensures reliable and accurate scanning of mixed document batches.
- **Flexible Connectivity and Integration:** Features USB 3.1 and Ethernet connectivity, along with onboard image processing, allowing easy integration into existing workflows and network environments.

**Kodak S2085f**

**Kodak S2085f**

The Kodak S2085f is a high-speed document scanner that can process up to 85 pages per minute, making it ideal for busy office environments. It features a 300-sheet automatic document feeder and an integrated flatbed for scanning a variety of document types. With advanced image processing, a 3.5-inch touchscreen, and multiple connectivity options, it offers both efficiency and ease of use.

**Kodak Info Input Solution**

Kodak Info Input Solution offers the industry's most intuitive browser-based interface that automates and simplifies the journey from document arrival to processing quickly, accurately and reliably.

Highlights:

- **Open Intelligence™:** Gain faster time-to-value and enterprise scalability by harnessing the most powerful, advanced, and trusted AI services from Microsoft, Google, and Amazon.
- **Scalability:** Empower fast and sustainable business growth, from a single department to complex, high-volume enterprises.
- **Ease of Use:** Guarantee adoption with an intuitive drag-and-drop user interface that requires minimal training — so your UI can look exactly like the form you're verifying.
- **Simplified Processes:** Utilize the same document processing capabilities for both digital and paper-based content.
