Ultra-fast
Epson DS-30000 and DS-32000

Canon

Canon DR-G1100

Designed to endure the extreme demands of production level scanning, the DR-G1100 is the ideal scanner for processing large amounts of documents. It is flexible enough to handle a vast amount of document types and fast enough to increase scanning efficiencies. This scanner can handle up to 100 pages per minute and hold up to 500 sheets in the ADF. The DR-G1100 allows easy access to scanner settings and user programmable job buttons for one-touch operation. The adjustable, motorized paper feed tray also helps contribute to the overall efficiency and reliability of this scanner. The DR-G1100 is an essential addition to the overall productivity of your business.

SOFTWARE

KOFAX

Intelligent Automation for Modern MFDs in the Healthcare Environment

Since healthcare professionals rely on Multi-Function Devices (MFDs) to view and update private patient information, security and HIPAA compliance are prioritized. Today's MFDs can automatically process information across many platforms which can be securely accessed throughout an entire organization. Read more about how to leverage MFD investments efficiently while maintaining appropriate security and compliance protocols.

Automate your MFD information with KOFAX
